To Whom It May Concern,

I am writing this letter of recommendation on behalf of Jazmine Richardson. My name is Alison Owens-Kaup and I am Jazmine's advisor for our AMP mentorship program this year at Western Boone Jr./Sr. High School (WeBo). I was also Jazmine's ceramics teacher for Ceramics I and her sophomore homeroom teacher. Jazmine is a helpful, interested, responsible, reliable, and respectful student who also works as a student leader within the classroom.

In the classroom, Jazmine has always been a self-starter and has worked hard to stay on top of her schoolwork while also being as helpful as she can to those around her. She is very motivated to achieve her goal of graduating early from high school and is on track to do so.

In AMP (Activities Mentoring Program), Jazmine is one of our mentors for 7th grade students. She will have a small group of students that she will meet with periodically in order to make the transition from elementary to junior high a little easier. She'll work with them on academic, social, and personal goals and will help to hopefully connect them to our school community in a more personal way.

Jazmine is an incredibly independent individual whose work ethic and drive will allow her to go far in whatever field she chooses to pursue. I write this letter with high praise and recommendations for Jazmine. If you have any other questions, or if I may be of further assistance to you, please do not hesitate to contact me using the information below.

Sincerely,

Alison Owens-Kaup
