Jazmine Bowling/Letter of Recommendation

11/21/2025

To Whom It May Concern:

I am recommending Jazmine Bowling for consideration for placement in your school district. Jazmine demonstrated academic excellence while at Ivy Tech Community College-Lafayette. I believe Jazmine will make positive contributions to the education profession as she already has considerable experience working with youth from her time with the elementary education program here at the community college. Her strong personal character and academic aptitude provide a foundation for her future academic success. Jazmine works well with others, and her open-minded approach to problem solving makes her an ideal teaching candidate. If you have any questions about Jazmine's academic experiences, feel free to contact me at [cjack8@ivytech.edu](mailto:cjack8@ivytech.edu).

Sincerely,

**Clifford Jack**
